SEEDS

APRIL 2018

Welcome

Terranova Seeds is a specialist vegetable seed company with offices and warehouses located in Australia and New Zealand. Our specialised technical staff and world-class seed production facilities allow us to provide the highest quality seed offering to our customers.

We are committed to supplying high quality seeds with high purity and germination rates; all trialled under local conditions. Our commitment to our quality standards ensures that we provide seeds that perform, and full technical support to you, our customers.

Terranova is a fully owned subsidiary of South Pacific Seeds, however, we trade as a completely independent entity. We also export our range to the Pacific Islands, Asia, Middle East, Africa and Eastern Europe.

Reliable seeds. Quality seeds.

That's what you can count on whenever you think Terranova Seeds.
